Technical Skills

Ruby, Ruby on Rails, Git, Github, RSpec, TDD, RubyMine, Atom, Pivotal Tracker, Paw, Apiary, Postgresql, HTML, CSS, Reddis, Nginx, Swift 4, XCode, R/RStudio, Mac OSX, Windows

Employment Experience

Haneke Design | June 2018 - June 2019 | Ruby/Rails Developer

Client:	**ZVRS**
Task:	Replace UPS Shipping functionality with FedEx Shipping for their CRM system.
Tech:	Ruby 1.9.3, Rails 3.2.14
Solution:	Integrated a FedEx Ruby Gem into the existing application that interacted with the FedEx XML environment.

Client:	**BayCare Health System**
Task:	Maintenance and updates to customer facing websites, Baycare Easypass / EasyPass for Moms.
Tech:	Ruby 2.3.1, Rails 5.0
Solution:	Completed content changes, database schema updates, and a reconfiguration of both sites to allow for a single sign on process.

Client:	**Educational Symposium**
Task:	Build a back-end, administrative interface using Active Admin.
Tech:	Ruby 2.6.1, Rails 5.1.7, Active Admin, Devise, and Discard.
Solution:	Created a complex Active Admin interface for customer data input with multiple nested resources, UI modifications, and soft delete functionality.

Clear Channel Outdoor | November 2011 - June 2017 | Photographer
Photographed client billboards, processed and uploaded images to server. Created Proof of Performance reports for clients and account executives.

J3 Images | 2009 - present | Freelance Photographer
Freelance photography of sports and beach weddings. Proficient with Photoshop and Lightroom.

Campbell Soup Company | July 2005 - October 2009 | Digital Asset Management Coordinator
Coordinated the intake/upload of product/recipe photography to a digital library. Provided end-user training.
